## ABOUT ME

From the moment I wrote my first HTML tag in a notepad, I knew I was hooked into the world of web-development. It quickly became a fully-fledged passion that brings me joy and new challenges every day. It let's me continually learn new things and improve my skills set.

You will find projects I have completed that showcase my skills below.

## PROJECTS

### Outletity

Fully responsive e-commerce store built with React and Firebase (in progress).  
[project live](#)

### Array method finder

Simple app built with React that helps developers to find the appropriate array method quicker.  
[project live](#)

### Danka Dzurisova Photography

Landing page built using semantic HTML, CSS and Java Script. SEO friendly and blazing fast.  
[project live](#)

### SylwiaP Photography

Photography website built for a client who just started a new business. HTML, CSS, JavaScript, SEO, web performance.  
[project live](#)

### Polish School in Newport (PL)

The website is my contribution to Polish Community in Newport.
